Good afternoon. We have been made aware of a procedural glitch with some individuals who may be entitled to present evidence at the Land Use Commission meeting, but who were only informed of this within the last several days. We have additionally been informed that the plan to address this procedural issue is to continue the hearing until August 27 2025 to allow those individuals the opportunity to present.

Based on these unique circumstances, although our team was prepared to move forward this evening, we are requesting a continuance of this matter until August 27 2025 so that all expected testimony and presentations can be consolidated into a single Land Use Commission meeting. Accordingly, we would ask that the matter be opened and immediately continued to a date certain, being August 27 2025.

Kerry Dickson and I will be present at the beginning of the meeting this evening to answer any questions

Thank you.
