- **7368564** "Hello! My name is Sarah Kloos and I just moved to the area. I am a Yoga Alliance certified yoga instructor and am looking for outlets to share my teaching experience. I am 24 years old, a lifelong dancer with a passion for movement, and have grown to love the link between breath and movement in yoga, both on and off the mat. I would love to offer my teaching services to the community center if that's something you are interested in pursuing. I can provide a resume and references if you'd like to learn more about me." ### Streets

- **7372487** "I just want to send a big Thank You to the folks in Public Works. The end of my driveway was plowed in during last weekend's snow clean up while I was out of town, and it was frozen by the time I returned. Yesterday, I was chopping at the ice when one of your plow trucks came by (I think the truck# was 635). Within just a few moments, he plowed the ice blocks off the end of my driveway. This was going to take me hours and a lot of strenuous work. I can't thank you enough!" Patrick O'Donoghue 2025 Keeney St
