### Formstack Submission For: **Preservation Commission Public Comment Sign Up Form**

Submitted at 02/13/23 10:28 AM

**Name:** Brad White

**Address:** 2314 Harrison Street

**Phone:**

I live two houses west of 2306 Harrison Street. I have reviewed the plans for the project and am very supportive. While this is a large addition, it is sensitive to the existing building and will add to the health of the neighborhood by improving this home without demolishing a historic structure.

**Provide Written Comment Here:**

A few years ago, the owners of the house immediately west of the subject constructed a two-story addition that is visible from the street. It was done sensitively and is another example in the neighborhood of how a larger addition can be accommodated. While I understand that this example does not involve a designated landmark, it does involve a handsome, 1904 brick four-square that adds to the historic qualities of our neighborhood.

Again, I am in full support of the proposal.

**Agenda Item (or comment on item not on the agenda):**

2306 Harrison Street - Landmark - 23PRES-0010

**Position on Agenda Item:**

In favor

### Formstack Submission For: **Preservation Commission Public Comment Sign Up Form**

Submitted at 02/12/23 11:24 AM

**Name:** Michael Sullivan

**Address:** 2311 Lincoln Street

**Phone:** [REDACTED]

Regarding 2306 Harrison Street - Planned Alterations

I live at [2311 Lincoln Street](#) in Evanston, directly across the alley from the subject property, where my family has lived for over 25years. I'm also an architect with a great deal of affection for the charm and character of our neighborhood.

I received notice of this hearing and have reviewed all of the drawings posted on the Historic Commission website. I would like to express my unqualified support for the project as proposed.

**Provide Written Comment Here:**

I don't think the addition will affect the historic character of the house, particularly on the north elevation, where the house currently contributes to the character of Harrison Street.

The additional mass of the house, which will be visible from my property, doesn't concern me at all, and its very easy to argue that the completed addition will greatly enhance the appearance of the house from the south.

I will not be able to attend the hearing or participate via Zoom, but wanted to let the Commission know that I support ongoing investment in our neighborhood, particularly by active, involved neighbors who have taken great care to design a sensitive and compatible addition to their property.
